- Redhill – Redhill has started again, please bear in mind this is not considered a car meet, the cafés have opened and you can go and park up and have a meal. We as a club deem it a meet and cruise night so that our club members with SIV registration can attend. It is essential that common sense is used and that all COVID rules are abided by.
- CBTC – Members are being asked and encouraged to think about joining the committee for this event, even if you would like to come on as a shadow (apprentice) committee member to get an idea of what happens and how everything is run. Committee positions will be opening in the near future. At this point all things are moving ahead in preparation for next year and fingers are being kept crossed that it will be able to go ahead. It is essential that we have new people come onto all committees to in order for all the club events to continue in the future. So please consider coming onto the committee, it is a very rewarding experience.
